(ii) Limits of liability:

Limits are agreed for each section of the policy and can differ for each defined peril and defined coverage item. This will be agreed with the policyholder and be stated in the policy documentation.

Depending on the needs of the client, there may be sublimit within the policy for certain coverages, extensions of coverage, property covered or perils. Claim amounts made under these perils, property covered or coverages will be paid up to but not above said sub-limits.

(iii) Excesses & deductibles

This will be agreed with the customer and stated clearly in the policy based on their individual needs.

Other information which may be relevant to distributors

This product should be sold in line with FCA or local regulations and can only be sold by a regulated insurance distributor.

Where Distributor 1 sells this Product via multiple other distributors (via sub-delegation or sub-brokering), it is their responsibility to ensure all distributors have been provided this document, have reviewed it and understand the content. If there is any additional remuneration, including commissions, fees or other 'non-standard' remuneration charged to the customer by other distributors, it is the responsibility of Distributor 1 to inform TMK of these details accurately and in full. Distributors are expected to fully understand the eligibility criteria, covers and exclusions of the product.

Sales journeys must identify customer eligibility and ensure that key information and choices to be made are presented to customers in a way that supports a customer through the process of understanding core cover and configuring optional elements of insurance to suit their specific demands and needs.

This product can be sold face to face, via telephone, electronic communications or a mix of these methods, as long as customers are provided with sufficient information to make an informed decision regarding the suitability of the product.

This product can be sold with or without advice in line with FCA regulations or local regulations if the distributor is regulated outside of the UK.

Commission & Fees

If there is a coverholder in the chain, they are expected to ensure that maximum commission rates do not exceed those stipulated within the Binding Authority Agreement.

The coverholder is expected to maintain oversight of all broker commissions (where applicable) and, where there may be a risk to product value, remedial action should be taken immediately including notification to Tokio Marine Kiln.

Brokers are reminded of their own regulatory obligations in relation to remuneration under PROD 4.3.6 as well as the requirements to make all necessary disclosures to the customer.

Where there are any fees charged by any member of the distribution chain these should be:

- commensurate with the service provided by the distribution.
- not have an adverse impact on customer value; and
- distributor should ensure that TMKS is made aware of the fee amount and/ or method of calculation.

How value is assessed

Value is assessed based on a number of metrics, including underwriting, claims and complaints information as well as through broker and coverholder engagement.

Remuneration paid as set out in our agreements with distributors has been considered as part of the value assessment.

If additional add-ons (including premium finance) are sold alongside this product or additional remuneration is charged, this may affect the value for the customer.

Further information on our product approval processes can be obtained on request.
